

Chart the Rainfall

Friendly Farmer of Happy Christmas Tree Farm would like his trees to receive an average of 1 inch of rainfall each week during the spring and summer months. Using the data below, chart the rainfall received at the Happy Christmas Tree Farm:

May	3 inches
June	4 inches
July	2.5 inches
August	3 inches

How much water does Friendly Farmer need to supply through irrigation to give his trees 4 inches of water each of the following months:

May _____

June _____

July _____

August _____
